Mr. Jacob Cohen
98 South Fullerton Avenue
Montclair, NewJersey

Dear Mr. Cohen,

Something unforeseen has come up which causes me, regretfully, to cancel our tentative appointment. I hope that you will excuse me. Since I have had a full report from Thomas Stamm and Vince Salandria of your discussion with them and several other researchers on Sunday, I am certain, in any case, that I would be unable to add anything of value to what my friends have already told you.

With apologies and kind regards,

Yours sincerely,
